**QUALITY SUPPORT SERVICES GAINS NATIONAL RECOGNITION**  
*Named among Nevada's Top 50 Diversity-Owned Businesses*

LAS VEGAS—Quality Support Services, Inc. (QSS), a minority-owned firm that specializes in staffing, payroll services, facilities support and wholesale purchasing, lands on DiversityBusiness.com's "Div50" for Nevada—an annual listing of the top 50 diversity-owned businesses in each state across the nation.

"Div50" is based on overall yearly revenue and placed QSS as No.10 on the list in 2006. "Div50" award recipients are sought after by major corporations and government agencies wishing to increase spending with quality diversity-owned businesses.

Terry McCall, president and chief executive officer for QSS, accepted the award on behalf of the organization for demonstrated leadership and entrepreneurship.

"DiversityBusiness.com provides a valuable service in recognizing diversified businesses in the nation," McCall says. "These businesses are a crucial factor in the economy, and not only provide beneficial goods and services, but the opportunity for diversity in the workplace to flourish."

QSS, a SDB 8(a) and HUBZone certified organization, provides business support services and products for official institutions such as the United States Air Force and United States Department of Agriculture. Commercial clients include Station Casinos, Inc., Boyd Gaming Corporation and PBS&J, to name a few.

In addition to back-end support, QSS recently launched a wholesale division that fills large-scale product orders for merchandise such as bath and body amenities, textiles, food and beverage supply, industrial cleaning supplies and construction materials.
